Attachments: SIP List 9-13-2018.doc

Kathleen,

Ok, the call is cancelled.

FYI: Attached is a brief summary list of the status of the active MD SIP submittals here in RO3 that which I would've sent in advance of the call. Only those submittals for which a final rulemaking notice was published after the August call are listed; those SIPs for which a final rule was listed for the listing provided before the August call have been dropped..

Good morning
MDE would like to cancel next weeks scheduled Region III call.
The next call is scheduled for October 16, 2018.
If you have any concerns, please let me know.

Thank you

Kathleen M Wehnes
Regulatory and Compliance Engineer
Air and Radiation Administration

Kathleen,

Possible item for next call: **2nd maintenance plan (MP) for the Kent and Queen Anne's (1997 O3 NAAQS) area:**

Under the South Coast Decision on the implementation rule (80 FR 12264, March 6, 2015) for the transition from 1997 ozone NAAQS to 2008 ozone NAAQS, the Court overturned the provision to waive the requirement for a 2nd MP for areas redesignated to attainment under the 1997 NAAQS before revocation but designated to attainment of the 2008 ozone NAAQS. Such areas are termed "orphan maintenance areas." I believe MD has one such area the Kent and Queen Anne's area. Under the court's ruling MD owes a 2nd MP for this area. At this time, we cannot provide a lot of details of when such a MP would be due.

If MDE would like to discuss further we would be glad to tell MDE what we know at this time.
